## Hellerwork Structural Integration CEW 2015

**David Davis, Co-Founder and Senior Instructor at CCSI is joining us at our new Hellerwork S.I. training site at the Universal School of Healing Arts in Omaha, Nebraska for a 3 day Scoliosis Workshop.**

**This course will focus on the different kinds of rotoscoliosis and the patterns they express in the body. We will explore strategies appropriate in the inquiry into scoliosis patterns and the process of unwinding them to create new options for our clients in this otherwise degenerative condition. Because this is a three day workshop we will focus on post-10 work that will allow us to modify the Basic Series to unwind this three dimensional deviation from normal structure and function. Each participant will give and receive a 3 series to deepen their own process and understanding.**

**Thursday, October 22nd to Sunday, October 25th**

18 CE Credits are being offered for this workshop
